2.11 CHAMPIONSHIP PROCEDURES

Obtain a Program and check your name against Event/s. If incorrect immediately see the Chief Recorder.

Marshalling Procedures

Any swimmer who fails to report personally to the Marshal at least ten (10) minutes prior to the scheduled time for the start of that session if entered in the first or second events, or at the time of the start of an event at least two (2) events prior to the event in which they are entered shall be deemed to be withdrawn. It is permissible for a swimmer's representative to report to the Marshal on their behalf. Where a swimmer has difficulty in reporting to the Marshal by the required time, it is recommended that their representative report to the Marshal on their behalf prior to the event closing. Once reported, a swimmer is not permitted to leave the marshalling area unless approval is first obtained from the Marshall. All heats (including heats of 800 metres and 1500 metre freestyle) shall be deemed to be one event for the purpose of this rule.

For Example: If entered in Event 9, the swimmer must have personally reported to the Marshal **before the start of the first heat of Event 7.**

Note: Once swimmers have reported to the Marshal they must remain in the Marshalling Area until directed to their starting positions by the Check Starter. Failure to remain in the marshalling area may result in the swimmer being debarred from that event.

Coaches or parents are not permitted to be in the Marshalling Area. Refer Swimming New South Wales Ltd. Swimming Rule SW10.17.

In the event of there being sufficient withdrawals from the heats of an event, which would enable the number of heats to be reduced, the Referee may at their discretion either amalgamate heats by filling vacant lanes in a heat or heats with those swimmers whose heat has been cancelled, or reseed the whole event.

All entrants in meets conducted by Swimming New South Wales must abide by, and be subject to all the rules, policies and procedures of the meet as decided from time to time by Swimming New South Wales Ltd.

Withdrawals

Swimmers who fail to report to the Marshal by the specified time shall be a withdrawal.

Note:

The Women's 800m Freestyle and Men's 1500m Freestyle will be swum as timed finals with the fastest heat swum in the finals session. Where the fastest heat is to be swum in the finals session, competitors must advise the Marshal of their intent to swim in accordance with the Marshalling Procedures above.

Finals

In all State Championship events, finalists and reserves wishing to withdraw from a final shall do so in writing on the official form, signed by the swimmer or their authorised representative within 30 minutes following the posting of the result of the event in which the qualification took place.

Note:

1. 'B' Finals will be conducted for 200m and 400m events provided that twenty five (25) swimmers contest the heats of that event. The 'B' Final will be held immediately following the final of the event. There will be no reserves listed for the 'B' finals.
2. Where less than twenty five (25) swimmers contest the heat of that event, the ten (10) fastest swimmers from all the heats will comprise the final and the next two (2) fastest swimmers shall be reserves to replace qualifying swimmers who withdraw from the final.

An entrant / team not having withdrawn as stated above shall be deemed a late withdrawal except where there are medical reasons or proven hardships. A late withdrawal will incur a fine in accordance with Swimming New South Wales Ltd General Rule GR9.1.2.2

Medal Ceremony

At the completion of their event medallists are to collect their club apparel and immediately proceed to the presentation area, competitors must ensure they wear their club apparel for the medal ceremony. Presentation of medals will take place as soon as results are finalised. Swim down will then take place after the medal ceremony.

Swimming NSW has recently seen an increase in the occurrence of either swimmers attending their medal presentation late and/or incorrectly attired or not attending the presentation at all. This behaviour is disrespectful to the other swimmers who have competed in the event.

In light of this, Swimming NSW requests that all swimmers must attend their medal presentation and be correctly attired to collect their medal. **Failure to do so will result in the forfeiture of the medal.**

If a swimmer needs to marshal or compete in another event, they must let the Presentation Officer know as soon as possible.

Finalist Ribbons

Finalist Ribbons must be collected during the session in which the finalist placing was achieved.

Condition of Entry

It is a condition of entry to all Swimming New South Wales conducted meets; that all Entry Times are able to be verified in accordance with the Swimming New South Wales procedures. It is the responsibility of the Club to ensure that these times are able to be verified. Should a swimmer swim slower than the qualifying time in a Swimming New South Wales conducted meet and the qualifying time of the participant is not able to be verified, then the swimmer will be fined in accordance with Swimming New South Wales General Rule GR7.7

2.12 STARTING INSTRUCTIONS

1. When the swimmers have been placed behind the starting platforms, the Announcer will announce the Event and Heat number, e.g. Event 4 Heat 3.
2. On the long whistle from the Referee, the swimmers shall step onto the starting platform and remain there. For Backstroke and Medley Relay events they shall immediately enter the water and a second long whistle shall bring them back to the starting position.
3. On the command **“Take your marks”**, the swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of a Backstroke or Medley Relay event, their starting position in the water and remain stationary.
4. When all swimmers are stationary the Starter shall give the starting signal.
5. Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again.
6. Swimmers must remain and finish in the lane in which they start, and will remain in the water in their lanes at the finish of the event. On the signal from the Referee swimmers are to leave the water by the side of the pool.

7. In an Individual Medley event, the sequence of strokes is Butterfly, Backstroke, Breaststroke, Freestyle. In a Medley Relay event, the sequence of strokes is Backstroke, Breaststroke, Butterfly, Freestyle.
8. In 800 and 1500 metre events, lap counters will be displayed at the turning end of the pool to advise the number of laps to be completed. A warning whistle will be given when each swimmer has two (2) lengths plus five (5) metres of the course to finish.

NOTE: If, because of the length of the program, “starting over the top” is used, swimmers from the preceding heat are to move to the side of the lane, against the finishing wall, and remain still. Where the next race will be backstroke the swimmers are to move down the lane rope towards the backstroke flags and remain still. When the next heat has started they should leave the pool by the sides as quickly as possible.
