Swimming NEW ZEALAND

Event Specifications

Age Groups - Individual swimmers for the following age groups: 10&U, 11 years, 12 years, and 12&U for Swimmers with a Disability.

All events are timed finals.

Events will be super seeded with the top 10 swimmers in each age group swimming together in the last timed finals for each respective event, all other swimmers will be rank seeded.

Swimmers With a Disability

This event is open to swimmers who have a diagnosed physical, vision, hearing or intellectual disability of some kind, with no classification required.

With the swimmers with a disability concept, it is key to aligning with the purpose of the meet – provide 12 & Unders a fun environment to participate and race, with the focus on achieving personal bests and "make every stroke count." The extent of the swimmer's disability (and Muti-Class swimming eligible impairment type) is irrelevant, so long as there is a diagnosis.

Like able-bodied swimmers, there are no qualifying times for swimmers with a disability. Place getter ribbons will be allocated based on who touches the wall first regardless of disability type or extent.

Although there are no qualifying times for swimmers with a disability, the swimmer must be capable to swim their entered races.

Races for swimmers with a disability will be 50s and 100s of each stroke, including the 100m IM.

If you have any questions about this swimming with a disability category or wish to learn more information about classification moving forwards, please contact Cameron Leslie on cameron@swimming.org.nz.
